

AMERICANS DESERVE BIPARTISAN TAX REFORM

(Mr. CARBAJAL asked and was given permission to address the House for 1 minute.)

Mr. CARBAJAL. Mr. Speaker, the tax bill put forth today by congressional Republicans is a gift to the wealthiest 1 percent and multinational corporations at the expense of our students, homeowners, and seniors.

It eliminates critical deductions that help central coast families, including deductions for State and local taxes, mortgage interest, student loans, and medical expenses.

With wildfire season in California growing longer each year, this bill callously eliminates tax relief for personal casualty losses resulting from wildfires as well as earthquakes. In fact, this bill would raise taxes on 36 million working and middle class taxpayers by an average of \$1,130 a year.

With a national debt that has now surpassed \$20 trillion, the American people cannot afford this tax bill that adds \$1.5 trillion to the deficit and leaves our children stuck with the bill. Americans deserve bipartisan tax reform that simplifies our Tax Code and puts the middle class first.

TAX RELIEF FOR AMERICAN FAMILIES

(Mr. WALBERG asked and was given permission to address the House for 1 minute.)

Mr. WALBERG. Mr. Speaker, hard-working families in Michigan have been squeezed for far too long under our broken Tax Code. Wages aren't going up, yet the cost of living keeps getting more expensive.

We developed the Tax Cuts and Jobs Act with those low- and middle-income families in mind. They need a break.

For folks in Michigan, in Monroe, Jackson, Charlotte, and all across my district, this tax cut plan means bigger paychecks and more money in their pocket. At every income level, people will see meaningful tax relief.

Our plan doubles the standard deduction and increases the child tax credit to help with the costs of raising a family. It also eases the tax burden on small businesses so they can give their workers a raise and create more jobs in the community. It brings back jobs from overseas and incentivizes job creators to expand and hire here at home.

Mr. Speaker, this is a progrowth and proworker plan. Let's pass it today and help the families we represent get the relief they need.

AMERICANS DESERVE A BETTER DEAL

(Mr. BROWN of Maryland asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BROWN of Maryland. Mr. Speaker, the American people do not support

the GOP tax plan being considered today.

After promising a simple and fair tax system, Republicans offer a complicated mess. Their tax plan picks winners: the rich, and big corporations, getting nearly \$1 trillion in tax cuts. They create losers, like teachers, seniors, students, people with disabilities, and working families who will pay more.

This GOP tax scam also targets our Nation's veterans. More than 300,000 veterans have benefited from the work opportunity tax credit, most of whom served after 9/11. Yet this bill eliminates the tax credit and abandons our servicemembers when they return home and transition to civilian life.

Today, one of every three veterans is underemployed, and 1.8 million veterans are stuck in low-wage jobs. Every single veteran should be able to get a family-supporting job at home after serving our Nation. This tax bill asks our veterans and their families to again sacrifice, this time so billionaires and big corporations get a huge tax cut.

Mr. Speaker, veterans deserve a better deal and so do American working families.

NATIONAL ALZHEIMER'S DISEASE AWARENESS MONTH

(Mr. BILIRAKIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BILIRAKIS. Mr. Speaker, I have supported and continue to support increased Federal funding for the promising research going on at the National Institutes of Health in order to encourage more progress addressing the Alzheimer's situation.

November is National Alzheimer's Disease Awareness Month. There are an estimated 5.5 million Americans living with this debilitating disease, and we know it often goes unreported or undiagnosed.

This issue is near and dear to my heart because it has touched my own family, and I have seen firsthand the challenges of supporting a loved one battling the disease. I have been frustrated by the lack of progress.

Again, Mr. Speaker, together, we will improve the quality of life for those who are suffering and work toward finding a cure. We must have funding for the NIH to get this done.

NATIONAL PARKS ARE FOR EVERYONE

(Mr. RUIZ asked and was given permission to address the House for 1 minute.)

Mr. RUIZ. Mr. Speaker, I rise to oppose the administration's proposed national parks entrance fee hike from \$25 to \$70 per vehicle, which will prohibit many American families from enjoying these beautiful sites.

Joshua Tree National Park in my district welcomes as many as 2.5 mil-

lion visitors each year, contributing \$128 million to our local economy. It is a haven for so many: local veterans find solace and healing in the quiet of nature; children experience the beauty of their first hike; visitors come to love the grandeur and the mystique of our desert when they come to stay in Joshua Tree; families bond over the lasting memories they make in the park.

Everyone, not just the rich, should have access to these incredible places. Working families are deserving of access to our national parks. Nearly tripling the price of entry means that many families will be priced out of visiting these parks, including many people in my district who live right next to Joshua Tree National Park.

Our national parks are not just only for the economically privileged. They are for we, the people, to enjoy.

RECOGNIZING THE BUCKS COUNTY OPPORTUNITY COUNCIL, COMMUNITY ACTION AGENCY

(Mr. FITZPATRICK asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FITZPATRICK. Mr. Speaker, I rise today to recognize the Bucks County Opportunity Council, Community Action Agency, which serves low-income families throughout Bucks County, Pennsylvania, and its economic self-sufficiency program, which recently graduated its 300th family from poverty.

This individualized program works with families to end the cycle of poverty by building a plan of action and working with a coach to attain new training and education. To graduate, participants in the program must be free from welfare subsidies, have secured employment, live in safe and affordable housing, have access to safe and reliable transportation, maintain a balanced budget, and have a healthcare plan for their entire family.

Mr. Speaker, this program is working. Aside from the total number of graduates, last year's class of families have more than tripled their salaries. Moreover, in our community, every dollar invested nets nearly \$5 saved in cash welfare subsidies.

I am proud to stand with the Bucks County Opportunity Council in their mission to reduce poverty and partner with our community to promote economic self-sufficiency. Our community is a better place because of their work.

REPUBLICAN TAX SCAM

(Ms. VELÁZQUEZ asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. VELÁZQUEZ. Mr. Speaker, as we stand here today, my colleagues on the other side of the aisle will tell you that this tax scam bill will help ordinary people. As we New Yorkers say: "If you buy that one, I've got a bridge in Brooklyn to sell you."
